

Topic: 2009 Neptune Electronic Products Certification School
Date: April 9, 2009
To: Neptune Distributors, Service Centers, Truck Builders, and End Users
From: Curtis Fennell, Marketing Communications Manager

Itron Liquid Measurement would like to extend an invitation for personnel from your organization to attend one of two Neptune electronic product certification courses to be held the week of June 8, 2009.

The first session will be held Tuesday and Wednesday, June 9 & 10, and will cover the installation, operation, maintenance and service of the Neptune E4000 electronic register and RML2000 mass flowmeter. The second session, Thursday and Friday, June 10 & 11, will cover bulk plant inventory management, mass flow meters, and transmitters.

Attendees may come for either or both of the sessions, but there will be a maximum of twelve people in each class, scheduled on a first come, first served basis. Please respond by May 8 to let us know how many people from your organization wish to attend, and for which session(s).

Participants should plan to arrive in Greenwood the day before the class begins. Hotel reservations are the responsibility of the participant. Classes will meet from 8:30 to 5:00. Lunch will be provided each day and dinner will be provided the first evening of each session. Dress is casual, but long pants and full-coverage shoes must be worn since the class is held in a manufacturing facility.

All attendees will need to bring a laptop computer for programming, configuring and calibrating electronic meters and registers. Specific computer requirements will be supplied to all attendees after registration.

Attached are a response form, hotel information and directions, and class agenda. For further information contact Sandra Darley at sandra.darley@itron.com. We look forward to seeing you in Greenwood.

Directions from Greenville-Spartanburg International Airport (GSP) to Greenwood and Itron

Travel time is approximately 1hr, 15 min., depending on the traffic. It is approximately 65 miles.

- 1. Coming out of the Airport, take I-85 South and follow the signs toward Greenville and then take Ext. 46B 291 S./Pleasantburg which turns into Highway 25 South to Greenwood.**
- 2. Stay on Hwy. 25 South for approximately 45-50 miles into Greenwood.**
- 3. At the 4th STOP LIGHT you will be at the intersection of Hwy. #72 (By-Pass) and Hwy. #25. At this light take a left at K-Mart Plaza (on left) onto HWY 72 By-Pass. A Ruby Tuesday restaurant is also on the left (corner) at stop light.**

You are now in Greenwood, SC. If you are coming directly to the plant, you should follow directions 1-3 and...

- 4. Remain on Hwy#72-25 By-Pass for approximately 4 miles before turning. (Count the light at K-Mart as LIGHT #1 and proceed straight down Hwy 72 By-Pass to the 7th LIGHT.**
- 5. Turn LEFT at the 7th LIGHT onto EMERALD ROAD. (There will be a Bi-Lo Shopping Center at this intersection).**
- 6. Proceed on EMERALD ROAD approximately 3 miles. (You will pass Piedmont Technical College on the right, several mfg. facilities on the left - Capsugel, Covidien, Velux.)**
- 7. ITRON (864-223-1212) is on the RIGHT at the third stop light on Emerald Road.**
