

Topic: End of sales - Bronze MP meters, TS062, and TS150

Date: April 7, 2009

To: All Industrial Distributors

From: Joseph Engram, Product Manager

As of July 1, 2009, Itron North America (formerly Actaris Metering Systems) will discontinue the sale of bronze MP meters, the TS062, and the TS150. We have limited quantities of the TS062, TS150, and the 1" bronze MP. These meters will be sold on a first come, first served basis. Standard warranty will apply for these meters (12 months after installation or 18 months after the manufactured date, whichever comes first).

The alternatives for these meters are listed below.

Bronze MP meters:

- Stainless Steel and Cast Iron MP Meters
- Mass Flow Meters

TS062:

- TS075
- MP100 (Stainless and Cast Iron)
- Mass Flow Meters

TS150

- TS075
- TS200
- MP100 (Stainless and Cast Iron)
- MP200 (Stainless and Cast Iron)
- Mass flow meters

Itron North America appreciates your business. If you have any questions, please contact your Itron account representative directly.
